

# Sample Topics for Imagery Programs

## **Career, Success and Leadership:**

Overcome business barriers. Learn to unleash motivating, passionate energies and strategies to achieve success

**Women's Issues:** Crack the code of conditioned beliefs and behaviors. Recover the natural, dynamic female wisdom and power

**Relationships:** Gain insight into business relationships or restore intimacy to personal ones

**Sensuality:** Sensuality is not about sex appeal or a hot body. Tap the inner radiance that makes you an object of desire

**Creativity:** Learn to free the rational mind from creative blocks

**Think Tank:** A technique that elicits virtually limitless, fresh and innovative ideas within minutes

**Health/Wellness:** Use mind/body imagery to alter body chemistry, healing symptoms and restoring vitality

**Mother/Daughter:** Learn important communication skills helping daughters focus on a healthy self image

**Parenting:** Offers a new perspective and real solutions to modern parenting issues

**Menopause:** Mind/body techniques to navigate the physiological landscape helping to eradicate menopausal symptoms

## **CLIENT ENDORSEMENTS:**

*"Jaqueline Sussman allows us to re-enter past experiences and understand unexamined emotions. She gives us a map for inner traveling."*

–Gloria Steinem, Author, Publisher, social revolutionary

*"Eidetic imagery has worked with my team of designers in a traditional corporate environment. Using images, the team was able to work through destructive behavior that was based on their perception versus reality."*

–Ivy Ross, Sr. VP of Worldwide Barbie, Division of Mattel Toys

*"Eidetics give us the insight to unleash our full power."*

–Rick Peterson, Oakland A's Pitching Coordinator

*"This goes a step beyond Jung."*

–Elizabeth Kubler Ross

*"I have found that these images effectively and permanently free blocked energy allowing people to get on successfully with their lives."*

–Carol Jenkins, Former Fox Five News Anchor

*"Eidetics is by far the most profound method I have ever come across..."*

–Cheryl Watkins, Executive Director, Chemical Awareness Training Institute

*"Unmatched in the clinical literature... a methodological advance."*

–The American Journal of Psychiatry

*"A unique and important contribution to the scientific study of healing with imagery."*

–New Age Magazine

*"An approach, which enables the patient to cut through the mind/body problem and deal with the essential unity which is himself as a human being."*

–The International Journal of Clinical and Experimental Hypnosis

## **MEDIA COVERAGE:**

Sussman has received press coverage for her work in Eidetics and *"Images of Desire."*
